TRIANGULATION DIAGRAM
STATE OF GEORGIA
HORIZONTAL CONTROL

- Monumented Point or Located Object
- Station marked but not measured
- Measured Base - Electronic or Taped
- Line of triangulation observed
- Line of triangulation observed from one end only
- Measured Length - Electronic

Additional triangulation in the areas outlined by heavy broken lines will be found on triangulation diagrams indicated by numbers.

Information may be obtained from the Director, National Geodetic Survey Information Center, National Ocean Survey, WSA, Rockville, Md. 20852

Note: Data may be requested by quadrangle, county, or other unit. Since publication of data in quadrangle units may not be complete for this State, requests for information by quadrangle number will be supplied with data in whatever form is available.

Additional triangulation in this outlined area will be found on triangulation diagram VICINITY OF ATLANTA
